

JULY REVISION TUTORIALS

PROGRAM INCLUDES:

Subject Revision: These classes consist of nine hours of teaching broken up evenly over the five days. The program consists of re-teaching and revision, and is designed to reveal to students how the work they have learnt in Semester 1 will be assessed in their final year exams.

Essay Writing: The essay writing tutorials consist of five hours of teaching broken up into one hour a day for the five days. It re-teaches the structure of a critical essay and reinforces the importance of constructing a sound thesis and topic sentences, and revises how to include evidence to justify these claims.

Study Skills: These tutorials contain five hours of teaching broken up into one hour a day for the five days. They focus on units such as exam techniques, stress management, goal setting and time management.

ATAR EXAM PREPARATION

These classes commence with revision of the key concepts in a subject, followed by a discussion on how this material is assessed in ATAR-style questions. There is sufficient time within the program for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own responses. All our senior school teachers know what needs to be addressed to ensure students achieve success.

ABOUT OUR TUTORS

The staff engaged to deliver these programs are experienced subject specialists. Some are heads of department, others are senior teachers and most have some marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent.

A SUCCESSFUL PROGRAM

WACE+ Revision and ATAR Exam Preparation tutorials have a history of successfully supporting students to achieve their academic objectives. To view the student evaluations for the programs delivered in 2018 and 2019, see the 'Program Feedback' tab at waceplus.com.au or mastermindaustralia.com.au.

F.A.Q.

How can students be assured that what they have learnt at school will be addressed in the WACE+ Program? The answer to this important question is really quite simple.

- + The foundation of our revision tutorials is the Western Australian curriculum which is the same syllabus guidelines used by the school.
- + We also send out a questionnaire to all families participating in the program before the classes begin, to find out exactly what topics and texts students have been studying, and this information is forwarded to the WACE+ teachers for inclusion in their programs.
- + This questionnaire also asks families to alert us of any specific weaknesses in the student's knowledge that may have been identified by the school or the student so that specific area can be re-taught by the WACE+ teacher.
