

LOCAL CARER INFORMATION

Parents are required to appoint a responsible adult to act as a local carer for your daughter unless you live within the Perth metropolitan area or close enough to Perth that you can collect within 4 hours. Local carers perform a vital role as they act for you in loco parentis when your daughter is not under direct care of the school. The selection of a local carer is an important parental responsibility and is a condition of your daughter's enrolment at the school for all boarders, including full fee paying and overseas students.

Local carer require experience similar to that of a parent, therefore your daughter's local carer should be a responsible adult over the age of 25 years. He or she should be related to your daughter or be a family friend. It is important that your daughter's local carer be proficient in English. Your daughter's local carer may be required to provide a recent passport sized photograph.

If your daughter cannot remain in the boarding house due to illness or infection and is unable to return home she will need to stay with her local carer.

LOCAL CARER EXPECTATIONS

- Provide a safe environment at home for your daughter should she not be able to remain at school due to illness or infection
- Maintain communication with the school when required
- If assisting overseas students, monitor your daughter's compliance with school and government requirements, attendance, passport, visa renewals and health cover if assisting overseas students
- Inform the school immediately of any changes in his or her contact details
